After presenting to all four Bay Area Keiretsu Forum chapters, all four Northwest chapters, and at the Palm Springs Angel Capital Expo in January, Pulse Health closed its Series A funding round and raised \$2.15 million. Keiretsu Forum members staked the round with \$450,000 in funding, which will enable Pulse Health to continue the research, development, and sales of its flagship product, which is scheduled to launch by the end of 2008.

"The Keiretsu Forum process is extremely effective," said Pulse Health Founder David Urman. "The percentage of active investors in the membership is high, the feedback is rapid, and the staff quality is exceptional."

Keiretsu Forum offers a structured approach to private equity investing by providing a forum for like-minded business leaders to work together and assess investment opportunities and then make individual investment decisions.
